Initially, 20 filled cylinders are being given to each district which will be issued (exchanged) in lieu of empty cylinders after approval from the concerned DM. This capacity will increase in a phase-wise manner depending upon the procurement/donation/seizures etc., most of which will go in this cylinder pool itself.

It will be the responsibility of the District Magistrate to:

1. Collect these filled cylinders from DTC Depot, Rajghat and deposit them back once empty for refilling. (Nodal Person – Depot Manager, Sh. Balraj, 8744073023)

2. Ensure judicious use of these cylinders amongst public and hospitals/nursing homes etc.

For the time being, the District Magistrate may also utilize the flexibility quota of 10% to fill up buffer stock of cylinders and utilize the same judiciously to cater to any SOS calls received, till cylinder pool is made large enough to cater to all individuals.
